Customer Reviews

In 2007, we adopted our daughter from Thailand. As an education consultant, mom of 4 (3 bio and 1 adopted), and new grandma, I recommend this book for elementary school children who want to learn about Thai people and culture. Beautiful photography and illustrations! Reviewed by Delana H. Stewart Administrator of The Education Cafe Author of: Nine Year Pregnancy: Waiting on God-Our Journey of Adoption My Paper Pregnancy Journal: A place for you to tell your adoption story with insights to guide you on your journey. Three Days at Sea: Soul floatation when the waves are pulling you under You may also be interested in: Thai For Kids Pictionary (Volume 1) Thai, Conversational: Learn to Speak and Understand Thai with Pimsleur Language Programs

We bought this book to prepare our children for the arrival of our Thai au pair, and my 6 year old found it very interesting and provided a good source of conversation for them when the au pair first arrived. It's very colorful with interesting photos and highlights some of the key cultural points related to Thailand - a good general overview.

This book is very thin on detail, consisting of some photographs accompanied by very brief cultural comments. It might be suitable for a 3-4 year old, but there isn't much of substance to really interest an older child.

The book came in a timely manner and in great condition. We have friends who are from Thailand and it prompted a great discussion. It has lovely pictures and is very informative.

Great information and the pictures really add to the text. Great for not a lot of information that overloads you.

I bought this as a gift for my niece and nephew and apparently the whole family enjoyed it.
