Fables The Deluxe Edition Book Two

Synopsis

As Snow White slowly recovers from a bullet to the brain, she and Bigby spend a lot of time in each other's company. But when they announce that they'll be vacationing together, all of Fabletown is shocked...and not just because Snow White has never taken a holiday before. The twosome's sudden departure from New York City -- and the deadly peril they're about to fall into -- is surely no match for the ruthless enemy who's still lurking in the back woods. This volume also includes the special FABLES: THE LAST CASTLE, we learn of the great war that forced Bigby Wolf, Prince Charming and Bluebeard to leave their homeland in search of a safe haven. As the battle rages, we meet a mysterious woman in red, and learn why Snow White's deputy, Little Boy Blue, only plays the blues on his trumpet.

Customer Reviews

As someone has pointed out, if you are considering buying this you already know about the story and what not. Let alone you're looking at the second book in the deluxe series, so this is a straight product review. But if I had to give my two cents on the story and everything, it's wonderful. It's has everything for both men and women to enjoy with a great sense of atmosphere for both the child at heart and for those looking for something a bit mature. The quality of the book is amazing. It has a great spine and tight binding that keeps each page in check. One of the many reasons I bought this was because my copy of the second book "Animal Farm" was falling apart because the glue was coming off and also...because I bought it at Books-A-Million...This edition collects issues #11-18, the

complete third book "Storybook Love;" the short story "A Wolf in the Fold", which can found in first book "Legends in Exile;" and also "The Last Castle" one-shot, which is found in fourth book "March of the Wooden Soldiers." ("The Last Castle" is listed as a graphic novel on the back of the cover but it can still be considered a one-shot and is canon.
