Griffy Giraffe's Accident

Synopsis

Have you ever seen a Giraffe fly? Griffy Giraffe and his best friend Eliza Elephant from Bumbleville go on an adventure. Along the way, they almost eat Katie Caterpillar. Orly Owl tells them not to go into the dark forest, but of course they do. They make it through the forest and find a lake to go swimming. Running in the water Griffy trips over a log and breaks his leg. How to get him home. Eliza Elephant carries him out of the water and then runs home to get help. Miss Bumples, a whimsical animal from Mars, flies him home. Chipper Beaver builds Griffy a special bed. Dr. Leo the Lion operates on his leg with Katie Caterpillar wiping his brow. The drawings and story have the children turning the pages to see what is on the next page. This is a fun story about working together as a team. An easy to read book for children three to eight.

Customer Reviews

Written and illustrated by Jennifer E. Sheehan for children ages 4-9, this outstanding color picturebook was specifically designed for a young child who was about to undergo an operation. Using the Bumble animals, Jennifer Sheehan has composed an engaging and entertaining story to show how everyone uses teamwork to make Griffy Giraffe better. The book's art style resembles the crayon drawings of young people themselves, but the true empathy of Griffy Giraffe's Accident is its subject matter and purpose - to bring comfort to a child who may be facing a scary medical

situation. Highly recommended.

This is a charming, engaging story for a young reader who is just starting to read "chapter books." The characters are lovable and warm. The message is one of cooperation and friendship. My 7 year old daughter picked this book up and never put it down until she was finished. Since she is a very picky reader - I was delighted to have "scored" with this book. We look forward to further adventures in Bumbleville.
