## Customer Reviews

I bought this book because I heard that the praise choir in another Lutheran church was using it. Good stuff. I just wish the accompaniment edition had also been available. I've already used two pieces in the two months I've had it. The purchaser should be aware that the songs contain only the melody line and not the full accompaniment.

We were disappointed that this is a "fake" book, ie, it only contains chords and no piano accompaniment scores. We didn't read the description careful enough to notice that. Certainly won't buy it if we knew it comes in the "fake" format. Maybe the word "fake" should be part of the book's title? Just a suggestion.

The book was like new and I received it as promised. I thought it would have more wear but it didn't.

...no music accompaniment!
