I received this as a gift from a dear friend. It has been a major Godsend! If you are in a place in your life where you are struggling like David, the Psalmist, then this devotional will greatly help you. Each page is filled with beautiful photographs on the right with scripture from the Psalms and a little devotional message on the left page. There are 380 pages in this book so it will last a long time if you read one a day. This book is not condemning but a book that focuses on having faith during troubled times. It helps you understand that you are not alone in your struggles--David, a man after God's own heart, struggled as well and looked to God as his help and his source. This devotional will teach you in a loving, gentle way to do the same. It will help you in dark times to trust God. I'll be reading this book for years to come. It's also a great way to start a women's Bible study session by reading a passage from this little book. This is definitely my favorite devotional so far.

A great encouragement book. Love this book so much that I bought another 2 copies for my sisters. There's soothing quote on each day with beautiful photos throughout the book. My favorite daily

meditation book so far.

Love this devotional because it's something I can pick up on a busy day and still have a quiet time with the Lord. I've also purchase quite a few to give as gifts or to accompany larger gifts. I first received it from my mother-in-law and have been happy to pass the blessing on to others.

This book, "Psalms to soothe a woman's heart", helped me through one of the most difficult times in my life. My son gave me this book for my birthday in November 2009. Neither of us realised my mother would die later that month. I found that reading a psalm each day, and working through the book alongside the scripture, enabled me to come close to God in my grief, sitting each day by the window, watching the birds, finding comfort and strength in His presence. It took months to finish, but I needed that time. Bless you for putting it together.

This book is absolutely beautiful with contemporary pictures of women of all ages, as well as breathtaking photography in all kinds of settings. Incredibly well done, and I've given 2 as gifts already in addition to mine.

I received this book from very best friend and daughters when I retired two years ago and have received many blessings from reading the Psalm for a particular need at the time. I have given as gifts, reason for purchasing from , wonderful gift for a Christian friend.,

I found this book last year when going through a very hard trial with my mother and used it every night before I went to bed. It really blessed my heart and got me into scripture which I really needed. I have given copies to several friends who also needed encouragement in their faith!

I have been reading a devotion from this book every day and it always speaks to me. The Lord always knows just what to say, regardless of what's going on in your life. Highly recommend!
