## Customer Reviews

This Bible was the perfect tool for inviting my 6 year old son to cuddle with me and hear Bible stories. I was surprised. He's interested in Batman, Spiderman and Captain America video games - I mean the ones the grown-ups are playing. I wasn't sure if the illustrations, level and tone of this book would interest him. But it absolutely did. When we unwrapped it, he took it to the easy chair and sat quietly exploring it by himself for a long time. Then he announced that it was "His". It was really special. He made a personal connection with the book; which is EXACTLY what I hoped would happen. At first, when I only meant to read one or two of the one-page stories, he said, "No Mom! Read more!" So we read 15 or 20 pages before I got tired and had to say, "We'll read more next time Sweetie." Then at the next time, I asked him which stories he would like to hear, and he said, "Read to me about Jesus!" I was pleasantly stunned. Even after all of the Bible related videos, Bible

coloring and activity books, and years of Sunday School, this book opens up a whole new dimension of my son's interest in the Bible stories and in the characters that he's already met in other formats. The illustrations in the book tell a story in their own way like no other that I've seen; not even movies. And the illustrations about Jesus in this book really reached my son. I enjoy this book as well. The wording and illustrations touch my heart in a way that no other children's Bible has.

This is a great Bible for young people. Short, one page stories with a lovely picture to accompany the story. The stories are true to Scriptures so when the children move on to the next level, there is no discrepancy. I have used this Bible for many years with my grandchildren, and they love it. I highly recommend the Bible.

I bought this Bible many years ago for my daughters. It was red, and had a handle. Just about any story in the Bible the pastor preached on was in there, so as he was preaching, I would help them open their Bible to that story picture. Also, it was important to me to have realistic pictures of the Bible, not cartoons, because I wanted to make sure that they understood the difference between a fairytale and the truth of God's Word.

this is perfect for my 5-yr-old. the stories are easy for him to understand, illustrations are interesting for him, and the size of the print makes it easy for him to read himself. highly recommend for young children!

We had this book when our 25 year old was 2 and he could recite all the Bible stories from looking at the pictures. Now that he has a 1 year old, had to find this favorite. So happy we did!

Good purchase
