Customer Reviews

My wife wanted to take our granddaughter to a live production of Aladdin, and wanted to give her an introduction through this book. But, time was very short. No bookstore had Aladdin items in stock because Aladdin is not this season's big attraction. We got it in a couple of minutes for Kindle. Since my Kindle is a more basic black and white model, I downloaded the Golden Book to my iPad through the Kindle app. The colored illustrations are vibrant. The book was a big hit with my wife and our granddaughter.

We just love little golden books, they are just perfect for bedtime stories for my 3 years old who struggles to sit still for story time, these books have great pictures and fun stories and they are not too long that she loses interest in them.

I loved Little Golden Books as a child and now my daughter likes them! She had recently watched Aladdin, so I had to get this for her. This book follows the story a little better than some other Aladdin books I've seen, though nothing compares to the actual movie (obviously!). The illustrations are good and the book holds her attention well. Can't beat the price, either! Highly recommend for the Aladdin fanatic.

My daughter loves the story of Aladdin...it's weird though because this book focuses a LOT on Jafar who kind of scares her. I realize it is summarizing the actual story but the points and illustrations chosen seem to focus on the bad guy. Not a deal breaker, just not the route I'd have taken.

It was our first golden book and my almost 4 year old loved this story. On the first two days I had to read it to her 5 times. After that she was ready to "read" it back to me. Very happy with the purchase. Definitely will build golden books library.

Ordered a number of disney books for my older kids. I selected the stories that as small children, they loved. I put them in their Christmas stockings. It was a fun gift and I wrote a personal note to each of them in their book. The price was also very good.

Little Golden books are wonderful! I collect them to go with the DVD of the same title so that I can read the story to my grandchildren before we watch the DVD. They love it!

this story i will admit was one of my favorite books, and i always enjoyed reading it, and it will always be like that because if it is one thing that kids love, it is genies and having to make wishes, which this book shows that and what can happen if you use your wishes the wrong way
