# Pearl Harbor : Ready To Read Level 3

Synopsis

Bringing a dramatic moment of World War II to vivid life, author Stephen Krensky answers questions about the historic importance of the military action at Pearl Harbor. Written in simple yet clear language, the book teaches readers about the political

Grade Level: 1 - 4

Customer Reviews

I am buying multiple copies of this book to use with my third grade classroom this year. I always have a group (mostly boys - but the hardest to motivate to read) who love anything that has to do with war and fighting. Well, with the release of the movie this summer, I am sure this book will be a hit. I plan on using it in small group instruction. It is a Level 3 book in the Ready-To-Read Series. It will spark a lot of interest in looking up topics in the encyclopedia or on the computer.

Wonderful book for 3-4 th graders to learn about history and Pearl Harbor a very easy read and kept my 9 year interested , now read the whole series

My then nine year-old grandson who enjoys aviation and World War II especially liked both the

content, length, and the graphics

My son loves books about history and its hard to find early reader books for his age, but he really enjoyed reading it to me.

It was for our grandson (8) years old. He loved it and asked for more. We are very proud of him and the book helped provide him with additional information at his age...

A nice book for our young reader before our visit to Pearl Harbor. I would recommend this book.

A great book written for kids interested in history. My grandson loved receiving it.

Good information in a simple language.
