Bee Dance

Synopsis

A honeybee searches for nectar, then returns to the hive to tell the other bees. She does a waggle dance, moving in a special figure-eight pattern to share the location of the foodsource with her hivemates. With vivid and active images, Rick Chrustowski brings these amazing bees to life!

Grade Level: Preschool - 3

Customer Reviews

Summary: Told in the second person (â œWhen sunlight warms your honeybee wings, off you go on flower patrol!â •), Bee Dance recounts a day in the life of a bee. He sets off to find nectar, and discovers whole field of flowers. Returning to the beeswax comb, he communicates through a dance so that the other bees can join him in collecting nectar and pollen. At sunset, the bees return, weighted down with their treasure, and enjoy a restful night before waking to begin the process all over again. An authorâ™s note explains more about the beeâ™s dance and the role it plays in honey making. Ages 3-6. Pros: Brief text in a large font and beautiful cut-paper illustrations make this a good choice for an informational read-aloud. Cons: Itâ™s a pretty brief introduction to bees and honey.

Bees play such an important part in nature. This beautiful picture book will teach young children how

they live and work. It's a perfect choice for a garden themed story time. The illustrations are bold and span two pages so that large crowd can have a good look at them.
